Exciting News About Particle Dynamics

October 14, 2020

Particle Dynamics is pleased to announce the addition of **Stephanie Lynch, as the new General Manager – Commercial Operations**. As a member of the Executive Team she will lead all Commercial Operations globally. Stephanie comes to Particle Dynamics with a long and successful track record in the food, nutrition, and consumer health industries with a unique combination of responsibilities across commercial and technology at both small and large global consumer product organizations. Prior to Particle Dynamics, Stephanie was at International Dehydrated Foods and the chief architect in the successful development and launch of collagen bone broth proteins and the transformation of the Company into a specialty nutritional provider. We are excited to share our news and look forward to our shared success!
